Economics Department Internship Guidelines/Requirements

- Students can earn one credit for internships related to the study of economics under the course number Econ 228. Students will be graded on a credit/no credit basis at the elementary level. Students may take Econ 228 twice to receive a maximum of 2 credits.

- Students are responsible for finding their own internships as the department will not assign them to one. Internships should be for a minimum of 100 hours. Students are encouraged to utilize our career development office for a resource in their search.

- Students must receive departmental approval before enrolling in Econ 228. Enrollment must occur in the same semester/session in which the internship is to be completed. More information, including the internship request form, may be found at https://econ.wisc.edu/undergraduate/majoring-in-economics/#internship-credit

Prerequisites

- ✓ Declared Economics Major
